ONE CENT

SAYS RACE DEGENERACY THREATENS THE FUTURE OF AMERICA

*Dr. Sargent of Harvard University Tells Delegates to
National Conference of Race Betterment That
Twenty Per Cent of American Women Are
Unable to Bear Children—Praises
German Women.*

Battle Creek, Mich., Jan. 12.—The double standard of morality was scored at the National Race Betterment Conference by Graham Taylor, who claimed that the fallen man gets by socially but is equally ruined and even more dangerous as a spreader of obnoxious diseases.

"The ruined girls!" Graham cried. "God forgive us for that awful word 'ruined.'" Why don't we apply it to the men? Talk about the fallen girl! Why there are fifteen of your brothers, husbands and fathers for every one of those fallen girls equally ruined or more so by reason of the double

standard of morality and commercialized vice.

Dr. D. A. Sargent, director of Hemenway gymnasium, Harvard University, stated that the survival of the fittest doctrine had been reversed, and now reads the "survival of the unfittest."

"Twenty per cent of the married women in America are unable to bear children," declared Dr. Sargent. "Twenty-four per cent of the women of the so-called higher class are unable to have children and twenty-seven per cent of the women college graduates are likewise sterile."

"In some of the New England towns and cities, the death rate exceeds the birth rate. Were it not for
